Address: Navoday Nagar, Roshnabad Haridwar, [Uttarakhand]

Professional Summary

Experienced and creative UI Developer with 12 years of expertise in designing and developing user interfaces for web and mobile applications. Skilled in front-end technologies and passionate about creating intuitive and visually appealing user experiences. Proficient in translating design concepts into functional interfaces, ensuring responsive and seamless performance across devices.

Key Skills:

- **Front-end Development:** Expert in HTML, CSS, JavaScript, and modern frameworks/libraries like React, Angular, and Vue.js.
- **Responsive Design:** Proficient in creating responsive and adaptive designs using CSS frameworks such as Bootstrap, Tailwind, and Foundation.
- **UI Design:** Strong eye for aesthetics and detail, skilled in using design tools like Adobe Creative Suite (Photoshop, Illustrator), Sketch, and Figma.
- **Performance Optimization:** Experienced in optimizing web applications for speed and scalability.
- **Version Control:** Proficient in Git for version control and collaborative development.
- **Cross-browser Compatibility:** Ensures consistent look and feel across different browsers and devices.
- **Collaboration:** Effective communicator and team player, experienced in working with designers, back-end developers, and stakeholders in agile environments.
- **Problem-Solving:** Strong analytical and troubleshooting skills, capable of addressing complex UI challenges.
- **Audio/Video Editing:** Adobe (Premiere Pro & After Effects)
